Business Arising

During discussions on response to a Council notice of motion it was discovered that the internet had crashed so the ZOOM link was no longer available.

The meeting recessed at 9:15 a.m. in an attempt to resolve technical issues.

Connectivity was obtained at 9:30 a.m. at which point the meeting resumed with G. Shea now present.

Chair Robinson recounted the discussion which had occurred prior to the recess wherein the Board had expressed their wish to meet with Council. That meeting will be a Special Meeting of Council and as such will follow the Council procedural bylaw and the Clerk will set the agenda.

In response to a question from Doug Townsend on meeting length, one meeting or two, due to the educational component involved which may use a good portion of time, the Chair advised that Council meetings run a maximum of four hours with a half hour extension possible by motion. As part of the meeting format it was mentioned that an invitation will need to be extended to the Solicitor General's Office for delivery of the educational component.

The internet connection was lost again at 9:40 a.m.

With no success in resolving the internet/server issues the meeting was adjourned at 9:45 a.m. with new meeting date to be arranged.
