## Message from the Chair of the Police Services Board

It is my honour and privilege to serve as Chair of the West Grey Police Services Board.

2021 provided a great number of challenges for our police service. Dealing with COVID-19 while serving and protecting the citizens of West Grey was no easy matter. On behalf of the Board, I would like to thank Chief Martin and all the men and women of the West Grey Police Service for a job well done. Unfortunately, crime does not stop for pandemics and neither did our members.

2022 brings many exciting opportunities. Plans for the long awaited new Police Headquarters should be finalized this year and the budget includes funds to hire additional officers as the population of West Grey increases. Unfortunately, West Grey is starting to see different types of crime generally associated with larger centres. We must prepare for and respond to these trends by providing our police service with the tools and training needed. We strive to provide the best possible service to the citizens of West Grey while continuing to keep our cost per household for policing far below the provincial average.

Sincerely,

Christine Robinson

Chair

West Grey Police Services Board

## Message from the Chief of Police

On behalf of all West Grey Police Service members, both civilian and sworn, I am pleased to present the 2021 Annual Report to our community.

In the following pages you will read about our members' continued efforts to address criminal activity, road safety and information regarding our calls for service, types of occurrences and reported crimes. The annual report also speaks to our work with our many community partners addressing concerns raised by our community. We believe strongly in proactive policing and maintain high visibility in our communities through focused foot patrols.

2021 was an unprecedented year for police and all first responders across the globe. The COVID-19 pandemic placed additional challenges on our front line staff that could not have been anticipated. The members of this police service met the challenges head on and continued to serve our community safely and with the respect and compassion needed during this time when our lives and livelihoods were upended. Throughout 2021, our police officers, civilian staff and volunteers worked diligently to ensure the safety and wellbeing of our community. This service is motivated to meet the needs of our community members by providing quality service delivery, ensuring fiscal responsibility and engaging with our community. We will always strive to be true community partners and show our residents and partner agencies our commitment to community focused activities.

I would like to recognize our community partners, other first responders and community organizations, businesses and members of the public for their assistance in keeping our community safe. I would also like to thank the West Grey Police Association for their continuous assistance in ensuring the safety of our citizens and well-being of our staff. Our collective goal is to make the West Grey Police Service a great place to work and the Municipality of West Grey a safe community in which to live, work and play.

Sincerely,

Robert Martin  
Chief of Police

## **MISSION STATEMENT**

The West Grey Police Service will endeavour to create a safe environment in which to live, work and play.

## **VISION STATEMENT**

Members of the West Grey Police Service are committed to working with the citizens of the Municipality of West Grey to understand their policing needs, enforce laws, and develop proactive solutions that will improve the service we provide and continue to be one of the best community oriented police services in the Province of Ontario.

The West Grey Police Service is responsible for policing the Municipality of West Grey. Located in Southwestern Ontario, West Grey is an amalgamated municipality, consisting of the former Townships of Bentinck, Glenelg and Normanby, the former Village of Neustadt, the former Village of Ayton, and the former Town of Durham.

West Grey is the largest municipality in the County of Grey in terms of geographical area, and has a population of approximately 13,000. Provincial Highway 6 and Grey County Roads 3, 4, 6, 9, 10, 12, 23 and 25 all run through the municipality with a total of 780 kms of roadway which the West Grey Police Service patrols.

West Grey is a popular destination for seasonal homeowners, campers, hikers and others wishing to enjoy the natural beauty of the area. There are 12 local campgrounds with seasonal and transient sites, both serviced and un-serviced. There are many unique stores and businesses in West Grey and a strong arts community. The area has seen an influx of new residents from the more urban areas of the province as new home construction is booming.

The Municipality is divided into three zones with officers assigned to each zone on a long term basis. Officers are responsible for making contacts in their zone, keeping abreast of crime trends and special problems in the zone, and developing strategies with the community to help solve these problems. The zones are:

Zone 1 - the former Bentinck Township

Zone 2 - the former Normanby Township, Ayton and Neustadt

Zone 3 - the former Town of Durham and the former Glenelg Township.

A sub-station for Zone 2 is located in Ayton and officers assigned to Zone 2 complete their reports at the Ayton Office rather than returning to Durham. This sub-station is also a place to meet with residents regarding complaints, investigations and community issues.

Another initiative is increased foot patrol in the communities we serve and officers are required to complete a certain level of foot patrol in their zone. They are also required to conduct door checks of businesses after they have closed to ensure they are secure, as well as attend sports functions such as local clubs hockey, soccer and baseball games that are happening in their patrol zone.

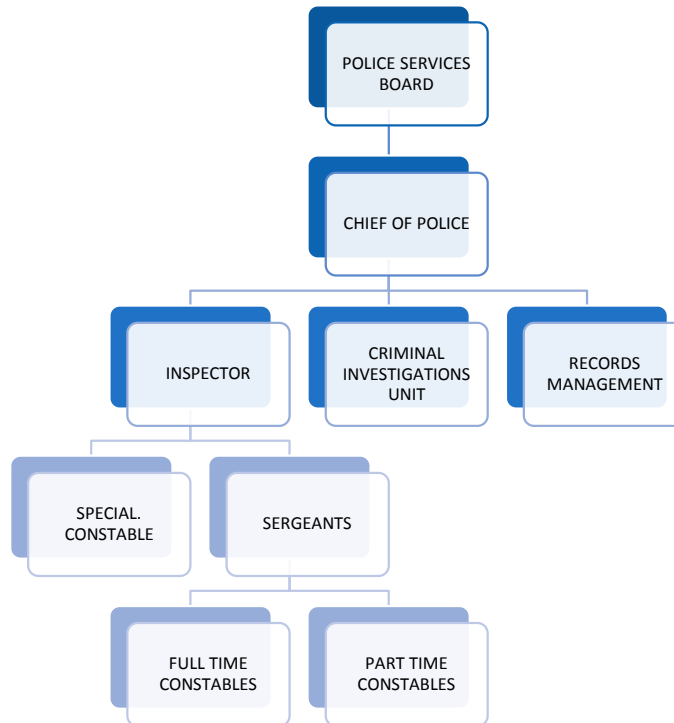

The West Grey Police Service prides itself in a community policing approach which seeks to integrate officers into the local community to reduce crime and foster good community relations. Law enforcement is no longer a reactionary service, with officers responding to calls and seen only momentarily as they pass in their patrol vehicles.

The West Grey Police Service has a Chief of Police, an Inspector and 20 full-time sworn officers, three part-time sworn officers, six auxiliary officers and two civilian staff members. The Service uses a number of strategies to deliver its Community Oriented Policing Program.

Finally, it is important to mention that Community Oriented Policing is also the responsibility of the citizens of the community. Community Oriented Policing is a collaborative effort between the police and the community that identifies problems and involves all elements of the community in the search for solutions to these problems.

<b>Total</b>	<b>346</b>

### **Motor Vehicle Collisions**

In 2021, the West Grey Police Service investigated 281 motor vehicle collisions, a decrease of 87 collisions compared to 2020. A total of 39 people were injured as a result of these collisions compared to 53 in the previous year. Three collisions resulted in fatalities. Charges were laid in one of those collisions while one happened on private property and one was a single vehicle crash where the lone occupant died. We, along with the families and friends of the deceased, mourn the lives lost.

West Grey Police conducted numerous RIDE checks in 2021 and participated in both National and Provincial Road Safety initiatives, keeping our roads and community members safe.

### **Stolen & Recovered Property**

In 2021, the total value of reported stolen property was \$112,215.00 compared to \$437,000.00 in 2020. A total of \$50,079.00 in stolen property was recovered in 2021 compared to \$137,350.00 in 2020.

### **Foot Patrols**

### Trends

Over time, trends develop in policing. In 2021, the West Grey Police Service received 4,246 calls for service. This was a decrease of 8% compared to 2020 when there were 4,421 calls for service. The decrease is in administrative calls for service which can be attributed to the Covid-19 pandemic. Calls from citizens and officer generated incidents increased 4.5% in 2021 as compared to 2020. By comparison in 2019, there were 3,684 calls for service, so we can see that overall, calls are increasing.

In 2021, the West Grey Police Service received 110 calls for service regarding violence, which includes homicide, attempted murder, assault, sexual assault, robbery, criminal harassment, and uttering threats. There were 1,627 non-violent and property crime related calls related to residential break and enters, and thefts.

Calls related to mental health have been increasing since 2020, when the West Grey Police Service received 162 calls. Since then, the calls for mental health issues have increased with 176 calls in 2021.

West Grey Police Service, along with the other Grey and Bruce police services celebrated the inception of the Situation Table Acute Response (STAR). A situation table is a strategic alliance of human services, guided by common principles and processes in order to mitigate risk situations in a timely manner, usually within 24-48 hours. The term "table" highlights that it is a meeting, which convenes regularly, with police and other human service professionals from a variety of organizations. During a Situation Table, participants work together to review situations of acutely elevated risk (AER) and determine if an individual is at imminent risk of harm and victimization and then coordinate interventions to reduce them. By addressing situations of AER, the table works collaboratively to reduce multiple risk factors that increase the likelihood that someone within a community will experience harm and victimization.

The Situation Table involves a four-filter process to determine if situations meet AER threshold, guide decision-making of whether or not to share private and confidential information, and if collaborative intervention is necessary to mitigate risk.

The Multi-Agency Risk Assessment Conference (MARAC) was also introduced in 2021. A MARAC, or multi-agency risk assessment conference, is a meeting where information is shared on the highest risk domestic abuse cases between representatives of local police, probation, health, child protection, housing practitioners, Independent Domestic Violence Advisors (IDVAs) and other specialists from the statutory and voluntary sectors.
