

On behalf of the West Grey Durham lions club we would like to propose an off leash dog park in the town of Durham, on town property on Saddler St.W., on the south side, just west of Dalor Security and east of the Community Center along the old railway tracks. There are community gardens in that lot now but they could be easily moved to the lot across the road or up by the arena. The reason we have chosen this spot it is easily accessible for walking to or driving, with lots of parking. The reason for the dog park is so the dogs could get some exercise and be able to have a safe enviroment to play in. We also believe it would help cut down on the dog waste in our parks, school yards, soccer fields, ball diamonds and streets.

The dog parks should have a good supply of doggie bags and have a garbage container There would be a strict set of rules The park would be approximately 200 feet by 85 feet, it would be divided 85 ft by 50 ft for smaller dogs and 85 ft by 150 ft for the larger dogs. We have had a lot of interest and good comments about this from the residents of Durham and surrounding area.
