Below is a map showing the proposed Plan of Subdivision. A full version of this map is available on the County website or at the County offices in Owen Sound, or the West Grey offices at the address above.

What is being proposed through the applications?

The proposed Subdivision would develop a 60-unit apartment building, 90 townhouse units, public park, a new public road system, sidewalks, and stormwater management facilities. The development would also permit neighbourhood-commercial uses on the ground floor of the apartment building. Access to the property is from Grey Road 4 and an extension of Chester Street West. Currently, the subject property is vacant. The Zoning By-Law Amendment would re-zone the lands to permit the proposed residential, commercial and public park uses, while maintaining the natural environment zones.

What can I expect at the Future Public Meeting?

The future public meeting is an opportunity for members of the public to learn more about the proposed development. Attendees will hear a brief presentation about the development, ask questions, and/or make statements either in favour of, or in opposition to the development. At the meeting members of the public will also hear a summary of any comments received about the proposed development prior to the public meeting.

The public meeting will take place at a special meeting of Council and the Mayor or Chair will act as the moderator for the meeting. The moderator will keep the meeting in order and allow the applicant (and their development team), the public, and members of Council to speak and ask questions.

This meeting is an opportunity to learn about the proposed development application and provide feedback.
