TESTIMONIALS

KAREN FOL VIDEO

LOIS VOLUNTEER & FOL

Being a library volunteer, I have observed many ways in which the library is important to its patrons and the community at large.

Can't afford or not willing to buy a book or video? Don't have a computer? Need to fax or email documents? Need to make copies or send forms after business hours? Need help with your device? Want to learn a new skill or craft or just socialize?

Come to the library!
