

Good Afternoon Laura,

First off, I wish to thank West Grey for their support in obtaining and executing the SWIFT project currently underway.  
Your staff has been amazingly supportive!

Since the SWIFT announcement, we've been receiving numerous calls from those NOT on the SWIFT project - why or when EH!tel will have fibre to their home.  
We are working on designs to extend the proposed SWIFT fibre network significantly.  
We wish to submit an application to UBF (Universal Broadband Fund).  
In order for us to submit the application, we require a "letter of support" from West Grey.

The application is due February 15<sup>th</sup>, hence timely response is essential.

Any supplementary information (such as ground truth validation) that can be shared will be appreciated.

We hope you will respond favorably and help us with the opportunity to improve broadband deeper into West Grey,

Sincerely,

**Antonius (Twan) Peeters**

**CEO/President**
