Resolution: 130-2021**Moved:** Councillor Townsend**Seconded:** Councillor Hutchinson

That the agenda be amended to move item No. 8. comment period prior to the item No. 5 closed session

Disposition: Carried**4. Delegations / presentations****4.1 Alex Cook, West Grey resident - Road Allowance Access**

Mr. Cook informed council that a public road allowance that his family uses to access Moss Conservation lands currently has deterrents put in place that block access to the road allowance, including a gate and barbed wire. Council directed staff to bring forward a report for council to address the matter.

Mayor Robinson thanked Mr. Cook for bringing the issue to the attention of council.

4.2 Genevieve Scott, Cuesta Planning Consultants Inc. - Proposed Consent & Access Via Concession 2 Road Allowance

Genevieve Scott, Cuesta Planning Consultants Inc. presented information about a proposed consent and possible access to the property in question from Concession 2 for their client Maria Mychalchuk. The Ministry of Transportation does not support access from the highway. Approximately 30 metres of unopened road allowance on Concession 2 will need to be opened. Ms. Scott requested that council give consideration to a limited or non-service agreement with the landowner regarding this portion of the road allowance upon approval of consent by committee of adjustment.

Mayor Robinson thanked Ms. Scott for the presentation.

8. **Comment period**

Staff outlined the process for members of the public to participate in the comment period using Zoom meeting software or by telephone.

Clerk Scharback summarized comments received via email from Guy and Leonard Coulas, West Grey residents. The comments provided a brief history of the installation of the gate. It was identified that a large portion of the property around the road allowance is managed forest, that the road allowance is only clear for the first 300 feet and that the road allowance does not lead to Moss Lake Conservation Lands. An individual would need to trespass on private property to access the conservation lands.

Mayor Robinson advised that staff will bring a report regarding this matter to the April 20, 2021 council meeting. Council directed staff to reach out to Mr. Cook and inform him that everything will remain status quo until the issue is resolved.
