County comments for A13.2021 Barfoot

Hello West Grey Staff,

County staff have reviewed Minor Variance application A13.2021 - Christopher Barfoot. The subject lands are designated as Rural in the County Official Plan. Other mapping also shows Aggregate Resource Area and Significant Woodlands on the subject lands. This parcel was intended for residential development and the Aggregate mapping shall not constrain this application. County staff have typically not required an Environmental Impact Study for the siting of a new accessory building, but if there is a possibility to minimize tree removal on-site then that is preferred.

County staff request a copy of any decision rendered with respect to this file.

Let us know if you have any questions.

Best regards,

Planning & Development, Grey County, Owen Sound ON
