Due to recent issues that happening the neighborhood on Hunter st. In Durham would request a very valuable speed bump be in stall . there is atleast 2 cars 1truck and a motorcycle involve at various times. Mention it to one officer and he agrees that it would be hit and miss to catch them . We have young children and many seniors that walk on this road and there is no sidewalks. I believe that some of offenders are doing pickup from the known drug house. I have witness the police avoidance by certain vehicles in the area , hence the speed out. I would like council to review this at the next meeting on june 15<sup>th</sup> and I would like to be in attendance for questions Please advise me of the time and I will be there.

Lawrence Murray

Thankyou
