September 23, 2021

The Municipality of West Grey 402813 Grey County Road 4 RR2 Durham, ON NOG 1R0

Attention: Laura Johnston – CAO/Deputy Clerk

Re: Carol Lawrence Dedication

We are pleased and honored that a delegation feels that a memorial of some nature to honor Carol Lawrence for her dedicated service to the Town of Durham, West Grey, and The County of Grey for 42 years from 1976 to 2018, by dedicating the Heritage Walkway Bridge in her name is fitting.

We are pleased to see and congratulate The West Grey Lions and The West Grey Council for the further development of the park at the entrance to the Heritage Walkway Bridge from Garafraxa Street. This development will certainly enhance what has become a popular attraction to not only the local residents but those traveling on highway 6. Without the bridge, it is doubtful that this new park would be developed.

We can only imagine how pleased Mom/Carol would be to know that her foresight and determination on spearheading the prevention of the scheduled destruction and removal of that railway bridge would be to the Town and area, as it is a popular walkway serving not only the local town folk, but also in attracting people to the large Conservation area and downtown business establishments.

We would like to thank you in advance for considering the dedication of the Heritage Walkway Bridge to honor our mother/wife for the many years she dedicated to public service. Carol's family will cover any costs to maintain the dedication signage in the future.

From her family, Jack Lawrence, Cheryl Reaburn, Jason Lawrence, and Tanya Heipel.

- Janta

Durham and District Community Center - newly renovated facility

Renovations to the Ayton Community Center

Heritage Walkway Bridge

The popular Heritage Bridge was a major accomplishment in her career as it has become a main attraction in West Grey

Instrumental part in the original bid to maintain the former railway bridge over the Saugeen River that was to be demolished, connecting George Street and Garafraxa Street, and restoring it to the walking bridge we know today

With her strong foresight, determination and vision, she was able to convince council to take ownership of the bridge to restore it as a walking bridge for the benefit of the community

The Heritage Bridge has been a tourist attraction for countless visitors, as well as a walking bridge for many residents of the community The Heritage Bridge is used for many functions and celebrations during the year

For a second time, was instrumental in forming a committee to save the bridge when it was declared unsafe and was to be removed. A grant was subsequently received which allowed the required repairs to be made, thus saving the bridge for use by current and future generations

The Heritage Bridge adjoins the Lyons' parkette, on the main street side of the bridge, the two venues compliment and add to each other. The bridge gives access to interesting and attractive walking routes as people do the circle walk, either through the Saugeen Conservation Park or just around town
